\*This represents the total projected funding needed based on estimated disbursements for FEMA grants for recovery from the 2004 Hurricanes. As disbursements are finalized over the duration of recovery efforts, the estimated final total amount will change. The total state funding appropriated as of May 2005 is \$370,004,027 and includes funding approved via budget amendments through the Governor's Executive Orders and funds appropriated in 2004 Special Session A and 2005 Regular Session.

\*\*\$4,094,552 of state funding was provided for the Department of Community Affairs for costs incurred that are not reimbursed under any federal programs. This includes staffing costs for determining preliminary damage assessments, salaries and travel expenses and community outreach designed to assist counties with the identification of damage and to provide victims with information concerning available aid.
